Agile Workspaces for a smiling generation

Desks | Workstations | Storage | Chairs | Furniture Leasing

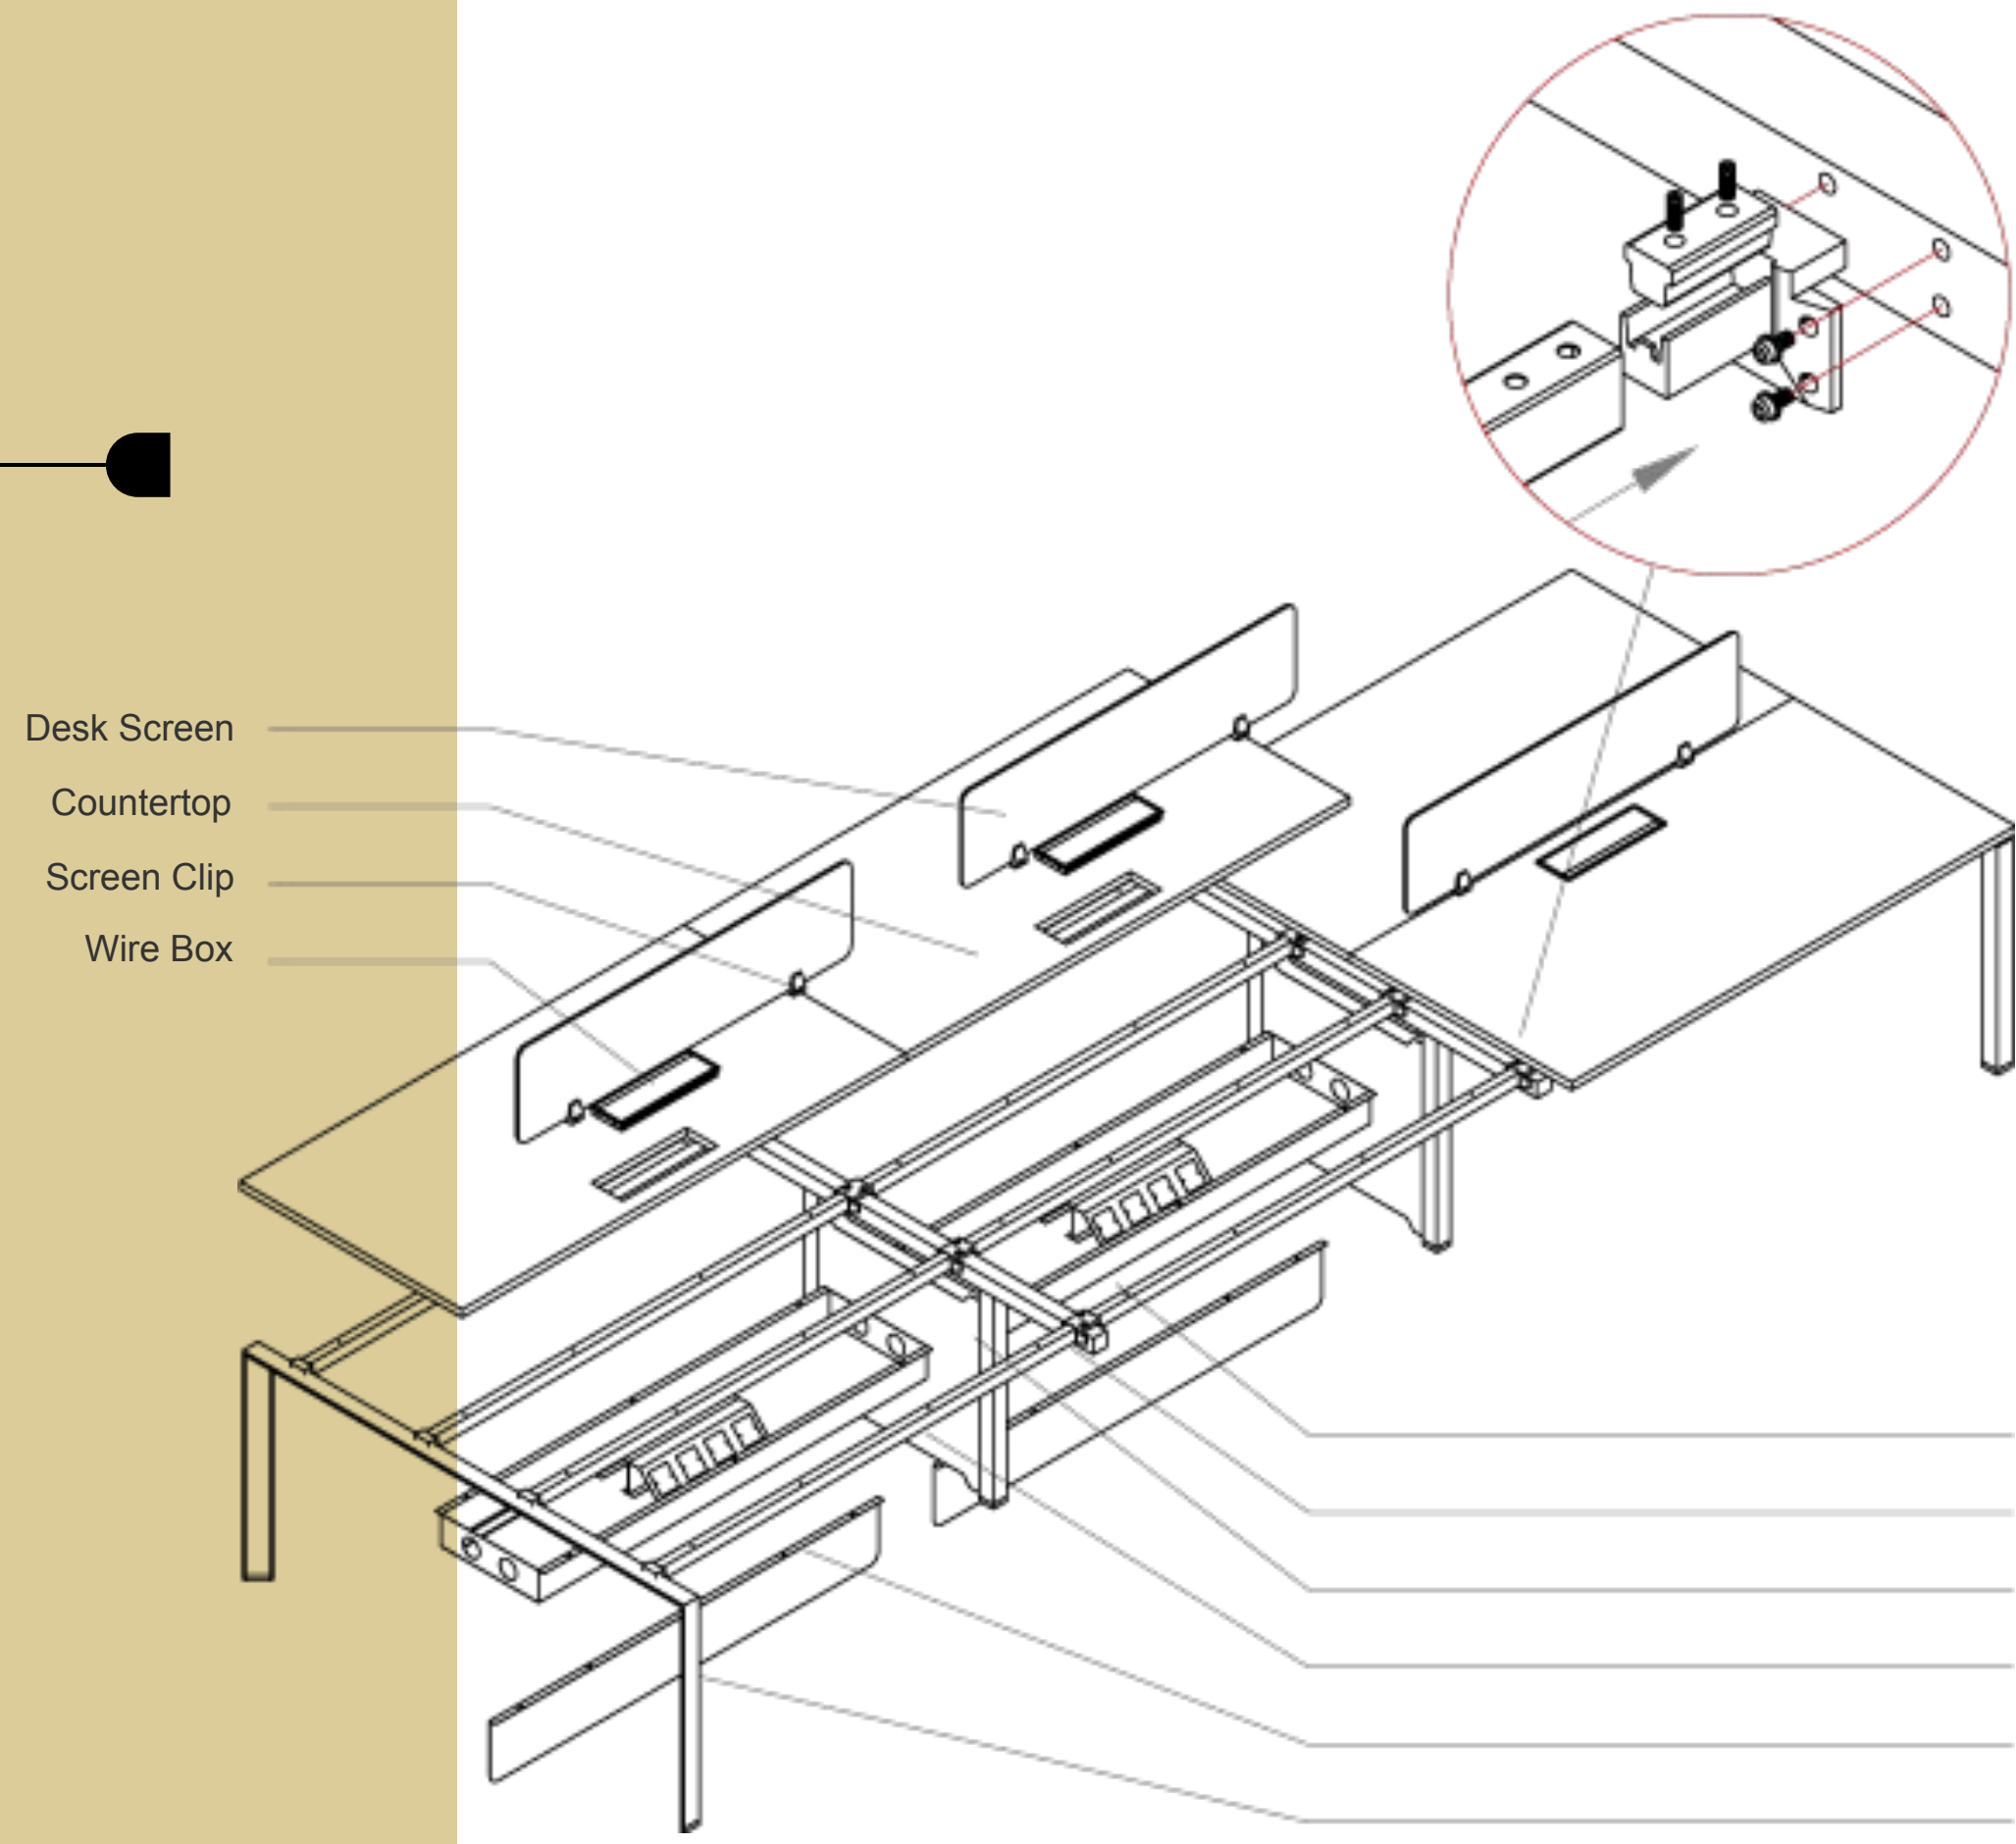

The agent for change

“Change is the only constant”

The generation has changed, the human mind has changed, millennials are charged with creativity. They want to explore, they want to experiment, there is no fear of failure, they want to tread the road seldom travelled. And often that is the road to be on. They work for play and not pay alone. It is often the agent of change that must be welcomed.

Atmosphere strives to be that agent!

STRATO

CAREFUL DESIGN, UNIQUE INGENUITY

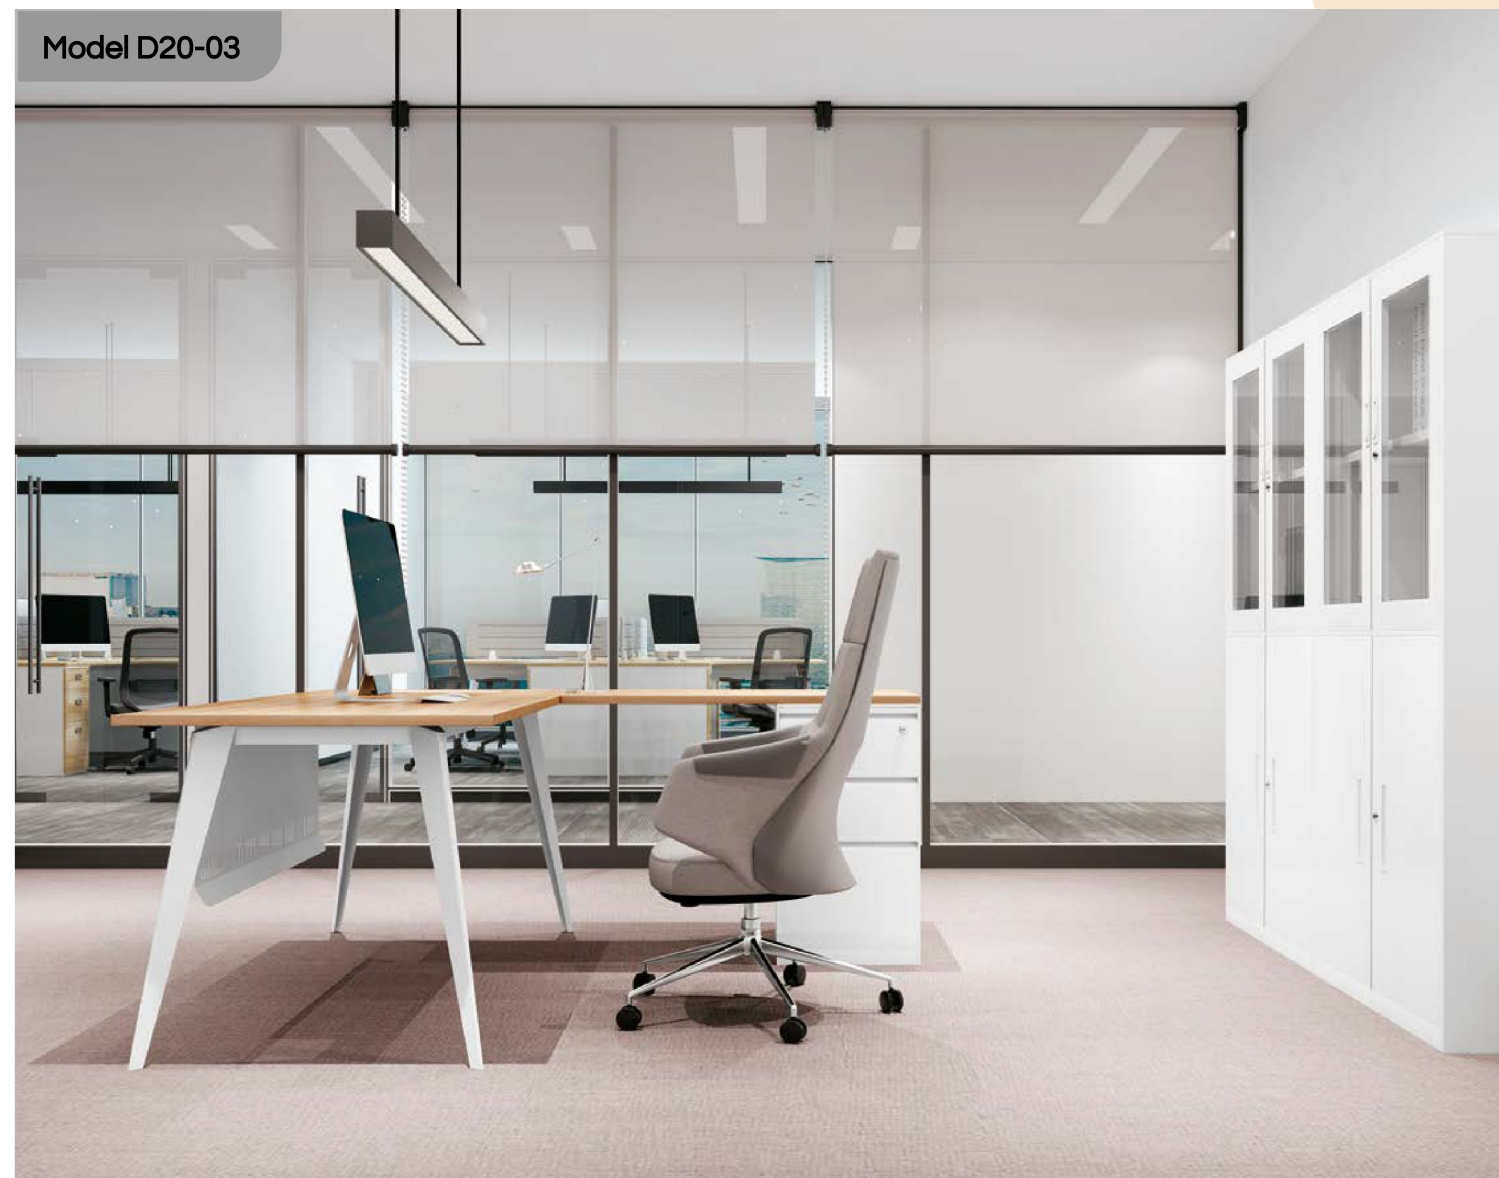

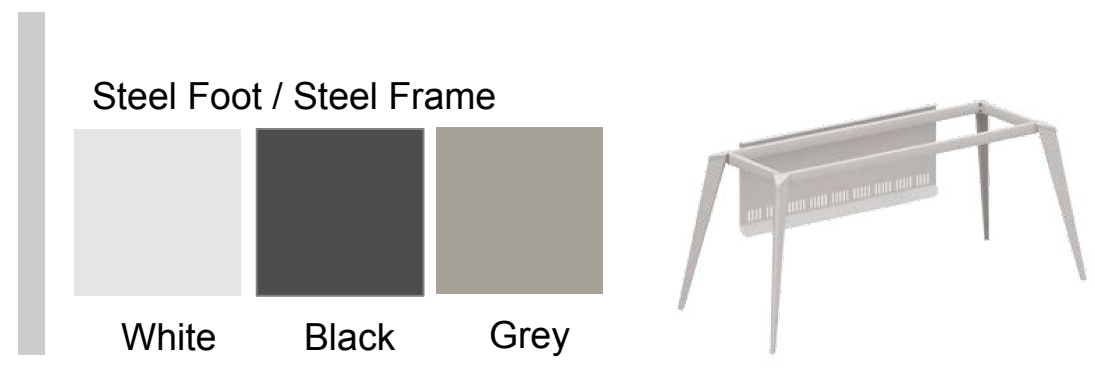

The Strato series is a modern workspace solution that optimises space, conveys success, and encourages interaction.

Built for function and elegance, the modern desks add a touch of sophistication to your workspace.

STRATO

The muted colour palette provides a perfect complement to shape the carving of the desking furniture. The colour also speaks of power in the workplace, making it the perfect choice for those who taste the meaning of life.

Model D20-06

STRATO

The compact product design not only provides free movement of people but also helps to maximize space. The careful selection of simple and concise accessories is reflective of our understanding of the development trend of the product.
